

CREW GUARD - MEDICAL SUPPLY

Easy access to crew health care and safety

Through Crew Guard, our medical supply management service, we make it easy for you to always have supplies available on board, ensuring the safety and health of your crew.

Easy management of your medical supplies

We know that the health and safety of your crew is crucial – and how time-consuming it can be to keep track of stock and ensure that you comply with flag state regulations. Therefore, we have teamed up with UNIMED to make it easy for you to ensure that you always have the required and necessary medical supplies on board at the same fair standard prices across the world, providing quality health care and safety for your crew.

Medical chest subscription

You automatically get an all-in-one service:

- > Full inventory management
- > Proactive replenishment
- > Compliance risk management according to flag state
- > Access to medical certificates
- > Customized reports on inventories, expiry dates, deliveries and more
