

# STOCK AND SUPPLY MANAGEMENT

## Get smarter and faster

In close collaboration with you, we streamline and create smarter and faster ways for your day-to-day procedures - ensuring that you spend your resources where they matter the most.

We do this through vessel visits and pre-boarding training.

### Vessel visit

We visit your vessels on a frequent basis to assist and guide your galley crew on:

- Stocktaking
- Hygiene
- Galley safety & equipment

We make sure that the quality of supplies meets your standards.

**You're the expert in how to run things on board your vessels. We're experts in supporting you in solving your toughest challenges.**

### Pre-boarding training of your galley crew

We will also make sure that you are familiar with our digital tools for faster and smarter ordering and management of your provisions and stores supplies.

Pre-boarding training is available as classroom and on-line training.
