STORES SHOPPER

YOUR DIGITAL STORES MANAGEMENT PLATFORM

Simplify and optimize your order process through greater precision in ordering, transparency and better planning, The Stores Shopper is your digital stores management tool while at sea and at port.

Easy ordering

With its intuitive and simple-to-use features, the Stores Shopper allows you to easily manage your orders by adding new or frequently ordered items or simply reusing previous orders.

Better planning

Use the Stores Shopper's price index to quickly plan and coordinate your purchases and to evaluate in which port it would be most beneficial to stock up.

Greater transparency

The Stores Shopper offers you a quick and clear overview of your ongoing orders, order history and budget, as well as contracts and costs. You get access to more data for guidance and increase your spend awareness.

Simplified information flow

The Stores Shopper's integrated message system makes it possible to create messages attached to your individual orders. You keep all related information with your order and reduce the number of emails.

How to get on board?

Garrets

Always on board

Garrets is your experienced maritime service partner, always exploring ways to make life at sea better. For more than 30 years, we've persistently fuelled better lives on board vessels across the globe.

Our worldwide services – powered by technology and decades of know-how – provide transparency, insight and speed making it easy to do business at fair prices. That's why you can count on us to deliver fresh provisions and high-quality stores – and to show you what's next.
